

McAfee Total Protection for Small Business Quick Start Guide

The information provided here is a quick summary of what you will need to do to get going with your McAfee Total Protection for Small Business service (Tops Basic Security) from Workplace2go. For more detailed information, or if you are setting up this service as the account administrator, please see our full [McAfee Quick Start Guide](#) located on the Service Management Console (SMC) home page.

- 1. What you will need to Start:**
 - o A valid Workplace2go user account.
 - o Your account must be provisioned for the McAfee Tops Basic Security service. Check for McAfee Tops Basic Security to be listed under your My Services section of the Service Management Console (SMC). If McAfee is not listed, contact your company's account administrator and request to be added to the service subscription.
- 2. Click on the McAfee Tops Basic Security link in the SMC My Services List**

Your McAfee SecurityCenter will open in a new window. From here you will be able to tap on the Install Protection button at the top of the window to proceed with the installation.
- 3. Monitor your protection status**

Once you have successfully installed the service, you will see an updated status confirmation on the SecurityCenter page. Hit your browser's refresh button to update your information following installation.

Note: You can update your settings or check your current status at any time by returning to the McAfee SecurityCenter page, accessible via the McAfee Tops Basic Security link on your SMC My Services List.

Reminder: Though you will see many links within the McAfee SecurityCenter providing options for you to renew your account, please remember that through Workplace2go your account will automatically be renewed each month and you will not need to renew your account through McAfee. Your administrator may also easily add new user licenses through Workplace2go.
- 4. If you desire more detailed information, or have difficulties:**

Refer to the full information contained in the [McAfee Quick Start Guide](#), or contact the Workplace2go support team at support@workplace2go.com.

We are pleased to have you as a new customer!

Enjoy your new McAfee Total Protection Security Service, and please let us know how we can continue to serve you better!
